Getting Started: Your Course Platforms

Discord | GitHub | Twitch | Miro | Mentimeter

Social Movements in the Digital Space

Winter Semester 2026/27

Lecturers: Anna Wohlmann, M.Sc. (anna.wohlmann@tum.de)
Nikolina Filiposki, M.A. (nikolina.filiposki@tum.de)

Before the first session: *follow this guide once. It takes about **20 minutes**. You need a computer or phone and your e-mail inbox. All platforms are **free**.*

What we use, and what for

Platform	What you find there
Discord	**Our main space:** announcements, questions, group work
GitHub	All course materials, literature, R exercises
Twitch	Live stream of the sessions, live chat
Miro	Online whiteboard for group work
Mentimeter	Live polls during the sessions

Your checklist

- ☐ **Discord:** account created, joined *The Nerd Corner*, rules read
- ☐ **GitHub:** account created, username sent to us, invitation accepted
- ☐ **Twitch:** channel *socialsciencenerd* opened
- ☐ **Miro:** account created, board opened once
- ☐ **Mentimeter:** application opened

1 Discord

Our main space: announcements, questions and group work

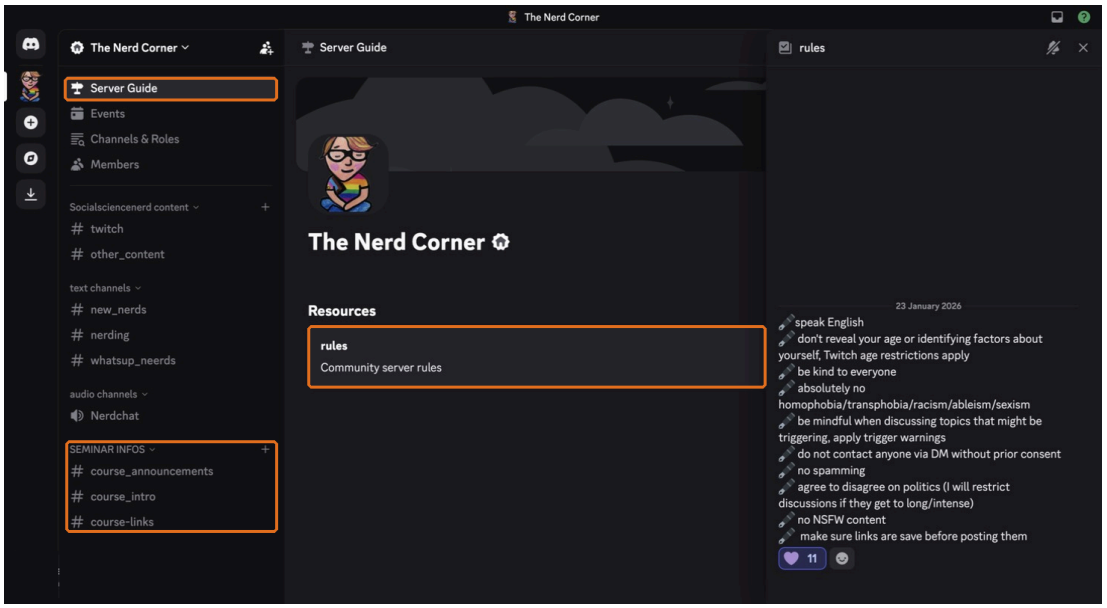

Sign up: https://discord.com/register
Our server: https://discord.gg/e3x9jbWtqG (server name: *The Nerd Corner*)

A. Create your account

1. Go to https://discord.com/register.
2. Fill in **e-mail**, **display name**, **username**, **password** and **date of birth**. Tick the box, then click **Create Account**.
3. Open the e-mail from Discord and click **Verify Email**.

B. Join our server

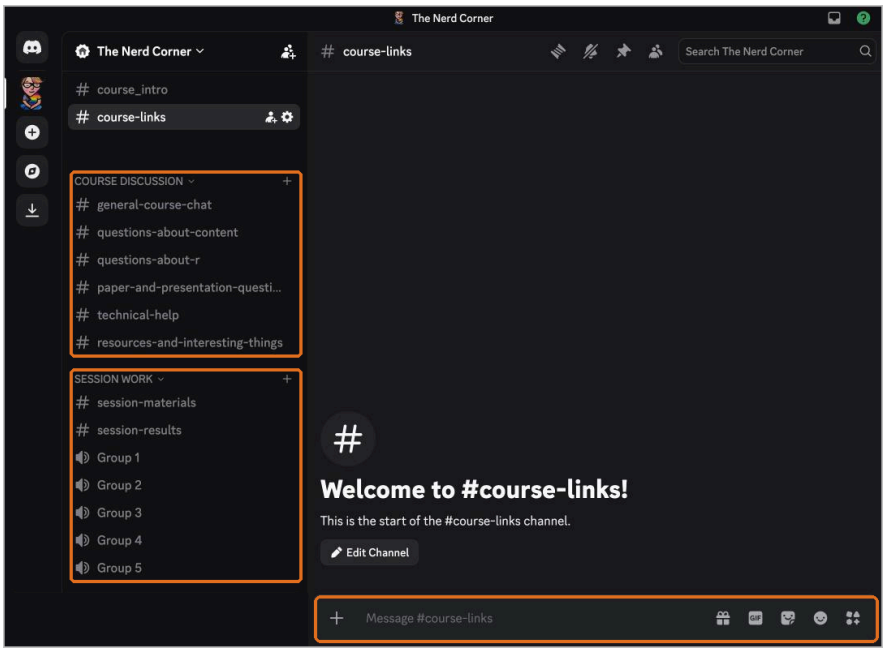

4. Click our invite link: https://discord.gg/e3x9jbWtqG, then **Accept Invite**.
5. Click **Server Guide** (top left), then **rules**. Read the rules.
6. Scroll down to **SEMINAR INFOS** and read #course_intro.

Server Guide and rules (top left and middle), SEMINAR INFOS (bottom left).

Where do I find what?

SEMINAR INFOS	Read only: #course_announcements, #course_intro, #course-links
COURSE DISCUSSION	Your questions and discussion (content, R, paper, technical help)
SESSION WORK	#session-materials, #session-results, voice channels **Group 1 to 5**
Write a message	Click a channel, type in the box at the bottom, press Enter
Join a voice channel	Click your group (e.g. *Group 1*)

Course sections and voice channels (left), message box (bottom).

Moderation and Privacy

Moderation	Lecturers can delete messages, restrict discussions, mute or remove members
Report a problem	Write to **anna.wohlmann@tum.de**, or right-click a message and choose **Report**
Stop unwanted DMs	Right-click the server name, **Privacy Settings**, switch off direct messages

2 GitHub

Course materials and setup instructions

Sign up: https://github.com/signup

Good to know: we use **two GitHub spaces** in this course. Once you create your GitHub account, send the username to nikolina.filiposki@tum.de.

	1. Course repository	2. Course setup page
What it is	A private folder with all course materials	A public website with setup instructions
What you find there	Materials and literature for each session; solutions after class	How we use GitHub in the course, installing R and RStudio, using Zotero
Access	**Private:** you need a GitHub account and an invitation from us	**Public:** anyone with the link can open it, no account needed
Link	https://github.com/social-movements-digital-space/social-movements-digital-space-students-2026	https://social-movements-digital-space.github.io/social-movements-digital-space-setup/

1. Course repository (private)

This is where you find everything you need for the sessions. New material is added **session by session**, and solutions are added after class.

A. Create your GitHub account

1. Go to https://github.com. Enter your e-mail and click **Sign up for GitHub**.

Enter your e-mail, click Sign up for GitHub.

2. Choose **password**, **username** and **country**. Click **Continue** and solve the short puzzle.
3. Type in the **launch code** from your e-mail.

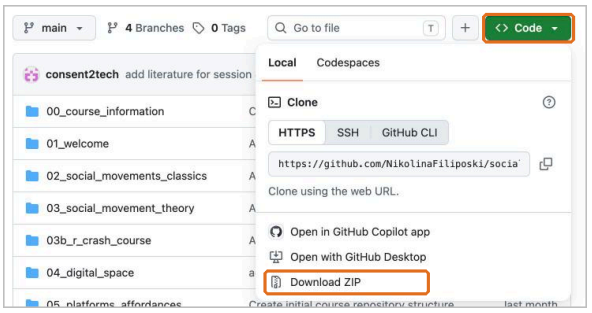

B. Get access

4. Send your **GitHub username** to nikolina.filiposki@tum.de.

5. You will get an **invitation e-mail** from GitHub to join.. Accept the invitation.

Where do I find what?

- **Main page:** each session has its own folder, numbered in the order of the sessions. New folders appear as the course goes on.
- **Inside a session folder:** the materials and literature for that session.
- **Download everything at once:** click the green **Code** button, then **Download ZIP**.

Green Code button, then Download ZIP.

Rules

- The materials are private: do not share or re-upload them.

2. Course setup page (public)

This website explains how to prepare your computer for the course. **Do this before the first session.**

6. Open https://social-movements-digital-space.github.io/social-movements-digital-space-setup/.
7. Follow the three guides on the page:

   GitHub: how we use GitHub in the course and how to download the materials
   R & RStudio: installing the software and packages for the R crash course
   Zotero: installing Zotero and its browser connector for managing literature
8. Go through the **"When am I ready?"** checklist on the page to make sure everything works.

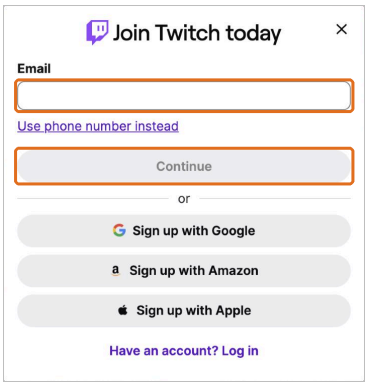

3 Twitch

Live stream of the sessions

Our channel: https://www.twitch.tv/socialsciencenerd
Sign up: https://www.twitch.tv/signup

A. Create an account

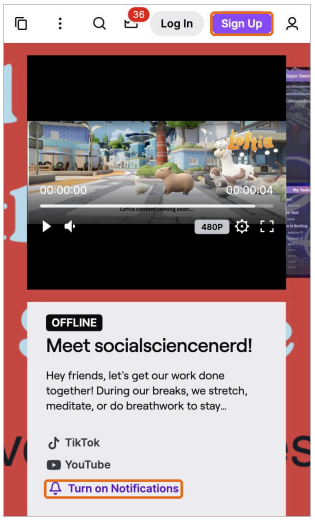

1. Click **Sign Up** (top right). Cookie window: choose **Reject** or **Accept**.
2. Enter your **e-mail** and click **Continue**.
3. Choose **username**, **password**, **date of birth**. Then click **Continue** / **Sign Up**.
4. **Verify your email.** Twitch sends a code to your email. If the code does not work, click https://www.twitch.tv/settings/security, find your e-mail under Contact and click to resend the verification e-mail.
5. **Accept the chat rules**. The first time you type in our channel's chat, a window with the channel rules appears. Read them and click **Agree**.

E-mail first, then Continue.

B. Watch our stream

1. Open https://www.twitch.tv/socialsciencenerd.
2. Click **Follow** or **Turn on Notifications** to know when we go live.

Our channel: Sign Up (top right), Turn on Notifications (bottom).

C. Optional: Add pronoun extension

With the pronoun extension, everyone in chat who also downloaded it can see your preferred pronouns. They will also be visible on other Twitch channels. This is fully optional; we will refer to you using your username and neutral language otherwise.

3. Open https://pr.alejo.io/
4. Add your preferred pronouns there
5. Download the extension for your browser

Where do I find what?

Live session	Middle of the Twitch channel page
Chat	Right of the video (phone: below it)
Emotes	next to chat (raise your hand, I have a question emotes)
Channelpoint redeem	Below chat called “Gemstones”, you can check into class here (careful: Bits are right beside them and they cost money)
When we go live	Discord, #course_announcements

Moderation and Privacy

Moderation	Lecturers (as channel moderators) can delete chat messages, time out users or ban them from the chat
Report a problem	Write to anna.wohlmann@tum.de, or click the person's username in the chat and choose **Report** (reports to Twitch)
Block a user	Click the person's username in the chat and choose **Block**; you will no longer see their messages
Stop unwanted private messages	In your Twitch settings, under **Security and Privacy**, turn on **Block Whispers from Strangers**

Rules

- Twitch's Community Guidelines apply to the chat too: no harassment, hate or spam.
- Our Discord rules apply.

4 Miro

Online whiteboard for brainstorming and group work

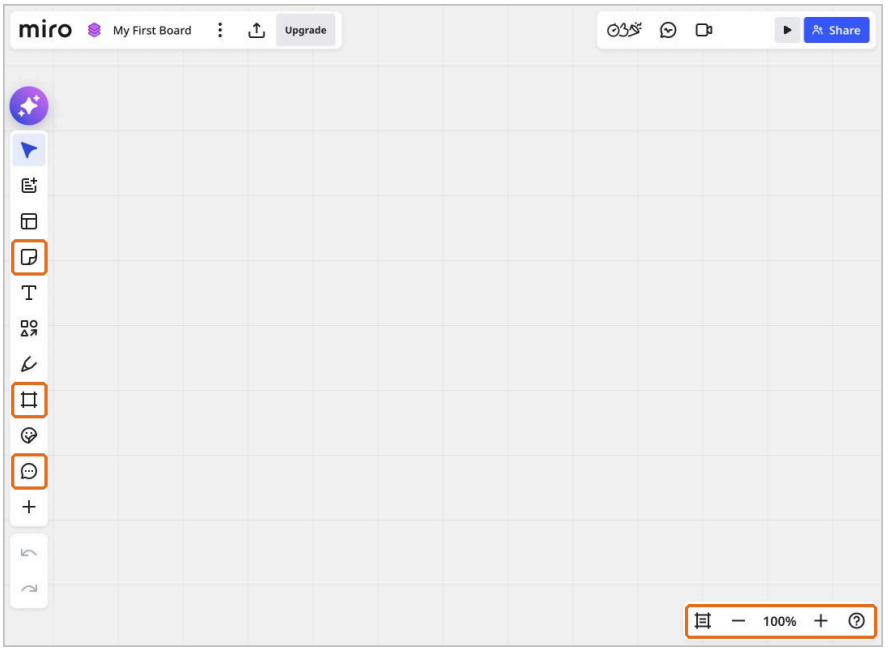

Sign up: https://miro.com/signup/
Board for Session 1: **Miro Board Link**
Good to know: each session has its own Miro board. We'll post the links for later sessions on **Discord**.

A. Create your account

1. Go to https://miro.com/signup/.
2. Enter your e-mail (TUM is fine) and click **Take me to my canvas**. No password needed.
3. Click the **sign-in link** Miro sends to your e-mail.

B. Use our board

4. Open our first session board: **Miro Board Link**
5. Each session will have different boards. Future links to session boards will be sent in **Discord**.

Toolbar (left): sticky note, frame, comment. Zoom (bottom right).

Where do I find what?

Sticky note	Toolbar: click it, click the board, type
Move and zoom	Drag to move, scroll to zoom
Your group's area	**Frames** list: jump to your group's frame
Comment	Speech bubble icon in the toolbar

Rules

- Work in your group's area. Do not delete other people's notes. No personal data.

- Our Discord rules apply.

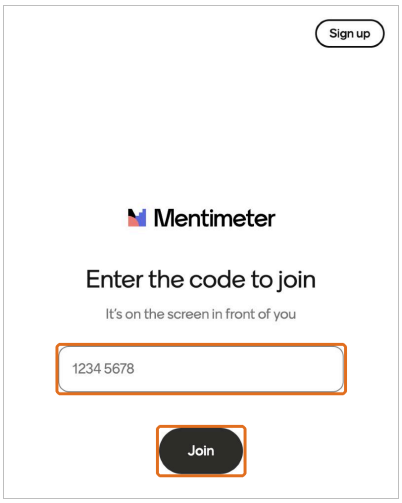

5 Mentimeter

Live polls and quizzes during the sessions

Vote here: https://www.menti.com

How to vote

1. Open https://www.menti.com on your phone or laptop.
2. Type the **code** from our slide and click **Join** (or scan the QR code).

Type the code, click Join.

3. Answer. Results appear live on our slide.

Rules

- Answers are shown live to everyone: write only what you would say out loud.
- Our Discord rules apply.

Experiencing Problems?

No email or code	Check spam, wait a few minutes, click "resend"
Discord link or GitHub invitation missing	Write to nikolina.filiposki@tum.de **(for GitHub)** and anna.wohlmann@tum.de **(for Discord)**
Anything else	Ask in #technical-help on Discord or contact [nikolina.filiposki@tum.de **OR** anna.wohlmann@tum.de]
